## Preface

Many of California's cities, counties, towns, and communities have special taxing jurisdictions (districts), which impose a transactions (sales) and use tax. These districts increase the tax rate in a particular area by adding the district tax to the combined statewide rate of 7.25% (effective July 1, 2011). The rates for these districts range from 0.10% to 1.00% per district. More than one district tax may be in effect in a given location.

As a seller or a consumer, you may be required to report and pay district taxes for your taxable sales and purchases. For more information on district taxes and how they are applied, you should download or order:

- Publication 44, *District Taxes*
- Publication 105, *District Taxes and Delivered Sales*

## How To Use This Publication

To find out the sales and use tax rate for a county, city, or community in California, first locate the county, city, or community name, listed alphabetically beginning on page 5. The rate is shown, along with the name of the county in which the city or community is located. The rate includes the combined statewide rate of 7.25% plus any applicable district taxes.

*Please Note:* It is not always possible to determine the correct rate based solely on a mailing address. For example, a customer may live near a county line and have a zip code and city name whose mail is routed to a post office in a neighboring county which has a different tax rate. If you relied solely on the post office mailing address to determine the tax rate, you might assume the customer lived in a county other than the one in which he or she actually resides. As a result, you may apply an incorrect tax rate.

If you are in doubt about the correct rate, check with your customer, call our toll-free number 800-400-7115, or call the local Board of Equalization (BOE) office near you for assistance. You may want to refer to other references for help, such as the *California Directory of Post Offices*, *Thomas Guides*, and other map references. Post Office mailing addresses sometimes use a “city” designation other than the actual city in which the addressee is located. For example, in Los Angeles County, the “cities” of Hollywood, Van Nuys, Sherman Oaks, San Pedro, West Los Angeles, and Eagle Rock are actually located within the City of Los Angeles.

## Recent Tax Rate Changes

We update this pamphlet whenever special tax districts are added or deleted, or when other tax rate changes occur. The following section, *District Taxes, Rates, and Effective Dates*, incorporates the district tax rate changes through April 1, 2012. The *Effective* and *End* dates for the particular district tax indicate the recent changes.

District tax rate changes may occur more frequently than once a year. In order to maintain an adequate supply of this publication while keeping the information updated, when necessary, we will insert an update sheet of any changes that occur between revision dates. This publication, including the most recent updates, may be viewed on the BOE’s website at [www.boe.ca.gov/pdf/pub71.pdf](http://www.boe.ca.gov/pdf/pub71.pdf).

The Bradley-Burns Uniform Local Sales and Use Tax Law was enacted in 1955. The law authorizes counties to impose a sales and use tax. Effective January 1, 1962, all counties have adopted ordinances for the Board of Equalization to collect the local tax (Tehama County did not conform from 1-1-65 to 9-30-65).

---

\* Effective July 1, 2004, the rates on a sales tax return do not match these rates. This is due to changes of the funding procedure involving sales, local, and property taxes implemented as a result of the March 2, 2004, voter approval of the "Economic Recovery Bond Act." Please refer to Return and Schedule A Instructions of the State, Local, and District Sales and Use Tax Return for more information.

\*\* Sales tax only. The use tax was enacted effective July 1, 1935.
